SUCCESS STORY

Right after the software development training at HARATI. My job at HARATI sharpen my skills to retain employment. Really my training turned to a profession. Today, I am quite proactive in my field.

Jagriti Srivastava
Software Developer at HARATI Software

I joined HARATI just after my graduation. Post my training, I got an opportunity to work as an intern. Today, I'm working as a developer. Life just changed so far and now, I'm a proud professional. Thanks HARATI for showing me the right path.

Sushil Subedi
Software Developer at HARATI Software
