Technical Specifications

Capacity	User	Max 3,000 Users
	Template	Max 3,000 Templates
	Log	Max 100,000 Logs
Inferface	Comm.	TCP/IP, Mini USB, USB Host, RS485
	Relay	1 Relay Output
	I/O	Wiegand input/output, Door Switch , Door Sensor, Tamper Alarm
Feature	Identification Mode	Finger, Password, Card (Optional)
	Verification Speed	<0.5 Sec
	Fingerprint Image Display	Yes
	Self-defined Status	Yes
	Webserver	Internal Webserver
	RFID Card	Optional EM/Mifare Card
	Software	HRMSuite Cloud & APP
Hardware	CPU	Industrial High Speed CPU
	Sensor	AFOS Optical Sensor (Touch Active Sensor)
	Memory	512MB
	LCD	2.8" Color Screen
	Dimensions(WxHxD)	83.9x204.9x31mm (3.3x8.06x1.22")
	Temperature	-25°C to 60°C
	Power	DC 12V

Key Features

► **DDNS**

Support dynamic domain name server which offers a persistent domain name for non-static IP devices.

► **Webserver**

Basic Setting, Personnel Inquiry and Management, Records Inquiry.

► **Touch Keypad & Touch Active Sensor**

When you reach out your hand to touch the keypad, W2 will be activated automatically and ready for your entering.When you place your finger on fingerprint sensor, sensor will be activated automatically and will awaken the device from sleep.
