

HS-62

Door/window Sensor

- ◆ With dual function of emergency switch & magnetic door
- ◆ Low consumption chip design
- ◆ Low voltage fault monitoring reports
- ◆ 2262/1527 coded format, oscillation resistance optional
- ◆ Anti-tamper function.
- ◆ Widely used at door & window for home or business with burglar alarm system

Technical parameter

- ◆ Voltage: 23A-12V battery
- ◆ Under voltage monitoring:7.5V+/-0.5V
- ◆ Static current $\leq 10\mu\text{A}$
- ◆ Triggering distance:25-35mm
- ◆ Emission current $\leq 15\text{mA}$
- ◆ Emission distance $\geq 120\text{m}$ (open area)
- ◆ Emission frequency:315MHZ/433 MHZ
- ◆ Operating temperature:-10°C ~+50°C
- ◆ Dimension: L65*W38*H16mm
